

Mr. Ori's Behavior Management Plan

In Mr. Ori's class we use a very simple check mark system. Red checks will be given to students who make poor behavior choices. Blue checks will be given for missing homework. At the end of the week we have a rewards hour called "Fun Friday". On Fun Friday we will take a hour and have fun. Students who have checks will owe time during fun Friday---- For every red check it will be 5 min. for every blue check it will be 30 min. At the end of the quarter if a student doesn't have any checks the student earns a soda.
