

## **CBE Classroom Management Plan**

Students have the opportunity to earn a reward at the end of each week for positive appropriate behavior. Two out of five coupons is needed at the end of the week to choose a treasure from the classroom treasure chest.

- Students begin each week with five coupons.
- Students receive one warning for inappropriate behavior before they are directed to remove a coupon from their name and bring it to the teacher.
- The student receives an explanation of the inappropriate behavior and is given an example of an appropriate action to replace the negative act.

“Time Out” in addition to losing reward coupons is used for the following behaviors:

- Refusal to comply with behavior management plan and teacher direction.
- Exhibiting physical harm to other students.
- Destructive behavior towards school property.
