

# WE NEED YOUR HELP!

The Tri-City Education Foundation is once again sponsoring their annual dinner and auction on Saturday, March 27th. The foundation has generously purchased needed items for our school district, including hands-on literacy centers for our own classroom. We would like to help them raise money by donating a basket of items for the auction. The theme for our basket this year will be an Easter basket. Some suggestions might include:

Easter decorations for the home, stuffed bunny, candy, books about Easter, coloring book and crayons, or any new item that your child would enjoy finding in their Easter basket. We will need a large basket in which to put all of our items. You may also choose to send in a monetary donation which we will then use to purchase items for the basket.

The Education Foundation does so much for the children of our district! This is our chance to help them help our children. Please send your donation to school by Friday, March 19th so we can get our basket put together.

Thanks so much for your help!

Mrs. Dilley & Miss Cox
